

## ON-SITE WELLNESS PARTNERSHIP

# Bring registered massage therapy to your office, at no cost

A flexible workplace wellness solution for companies that want to support employee wellbeing without a corporate event budget. HyperTherapy sets up a recurring on-site clinic at your office. Employees book and pay individually, with insurance direct billing where supported. The company provides the room, we provide everything else.

## HOW IT WORKS

- ✔ **No cost to the company**  
Zero spend, zero admin burden. We handle scheduling and direct billing with insurance providers.
- ✔ **Employees book and pay individually**  
Each employee books their own session at standard RMT rates. Most extended health plans cover the full cost.
- ✔ **Direct insurance billing available**  
We bill Sun Life, Manulife, Canada Life, GreenShield, and most major Canadian providers directly, so employees use a benefit they are already paying for.
- ✔ **Sessions in your wellness room**  
Treatment happens in a private or semi-private room you provide. We bring the table, chair setup, linens, oils, and supplies.
- ✔ **Flexible visit cadence**  
Weekly, bi-weekly, or monthly visits during agreed hours. Scale up or down as employee demand changes.

## TREATMENT OPTIONS

### THERAPEUTIC

#### Table treatments

##### 30, 45, OR 60-MINUTE SESSIONS

Full-length therapeutic massage in a private setting. Best for chronic tension, postural issues, sports recovery, and clinical concerns. Same standard of care as a clinic visit.

### EXPRESS

#### Chair treatments

##### 10 TO 20-MINUTE SESSIONS

Quick relief while staying clothed. Targets neck, shoulders, and upper back tension. Ideal between meetings or as a same-day reset, no clothing change required.

## WHAT THE COMPANY PROVIDES

- ✓ **A private or semi-private room**  
Any quiet, closeable space works. Roughly 8 by 10 feet for table treatments, less for chair-only.
- ✓ **Agreed access hours**  
Weekly, bi-weekly, or monthly visits scheduled around your team. Most partners run a half or full day per visit.

## PROGRAM BENEFITS

- ✓ No employer cost or administrative burden
- ✓ Increases employee access to wellness services
- ✓ Supports stress reduction and productivity
- ✓ Flexible scheduling, scales with employee demand
- ✓ Minimal disruption to workplace operations

**Looking for a one-day event instead?** The Wellness Partnership is an ongoing employee-paid service. For employer-funded single-day chair massage events (flat-rate pricing from \$699 to \$2,499), see our separate Corporate Chair Massage rate card.

## Set up a partnership

We will scope the room setup, visit cadence, and rollout plan in a 20-minute call. No commitment required.
